A personal welcome

John Barnett
Principal

Dear Student of English,

The Cambridge Academy of English was founded in 1975 and, since its opening, many thousands of people of all ages and from more than 75 different countries have studied at CAE. At CAE you will find a friendly, caring and hard-working environment that is ideal for serious study. We are located in a comfortable and very secure residential area on the outskirts of Cambridge (15 minutes by bus from the centre of this world-famous university town), and all our homestays are within easy reach of the school - normally within walking distance.

For us, each CAE student is special and different, with particular needs and objectives. We are small enough for every student to be important as an individual, but also big enough to provide a wide range of courses and levels.

If you need further information, please contact us at CAE or contact a CAE representative in your country, who will be able to give you information particularly suited to your country and personal circumstances, normally including travel arrangements.

Looking forward to seeing you at CAE!

John Barnett BA(Hons.), Cert TEFL, ADELTM

Adult courses in Cambridge

Cambridge - one of the most famous university cities in the world!

If you are an adult of any age and you are learning English, you will already be very different from anyone else on your course – your experience, your needs, your lifestyle and your plans for the future.

You might want a short or long course in English. You might want to prepare for a certain examination (IELTS? Cambridge?) Whatever the case, you can have a course that is designed around you – personally!

In this Adult student section of our brochure you will find out more about the ways we can do this, such as:

- Special English Language options
- 1:1 tutorials at regular intervals in class with your main teacher
- A teacher nearby to help you with your homework assignment
- The Sunday Speaking Club – a chance for free debate

But also there's something else we can offer to make your course **very** special...

Cambridge is our home ...

The Cambridge Film Festival
Summer in the City season
Shakespeare Festival
The Strawberry Fair
The Cambridge Wordfest
Cambridge Folk Festival
Science Festival
Buskers and Street Musicians Festival
Pop in the Park

... and all just 60 minutes
from Central London!

Cambridge itself

The **university** that has been at the heart of our city for 800 years is one of the world's oldest, most beautiful and most well-known. Famous students have included Isaac Newton, Charles Darwin, Stephen Hawking, 15 British Prime Ministers and 95 Nobel Prize-winners (and even James Bond!).

But Cambridge is also about the very latest of **today!** On your doorstep is the internationally famous 'Silicon Fen' – a collection of high-tech and bio-tech companies that have made Cambridge their home.

All this history, culture, science and technology on hand gives us at CAE wonderful opportunities to supplement your course with fascinating study-trips and excursions – so that your English-learning experience at Cambridge will be something much more valuable than a simple language course.

And don't forget... Cambridge is home to many of the brightest young students in the world! They **all** demand high class entertainment all year round! So among all the historical beauty you will find lots of **restaurants, clubs, pubs, interesting cafés, theatres, cinemas and concert halls together with modern shopping and sports centres.**

Course Structure

Courses at CAE run non-stop throughout the year except for a 2- or 3-week break over the Christmas period (second half of December).

Starting your Course

Entry into courses at CAE is very flexible so that you can start your course most Mondays in the year. However, it is generally better to start your course at the beginning of a 12-week programme or at the start of a 4-week 'module'.

Length of your Studies

- Some students come to CAE for short periods – perhaps only **two or three weeks** – but even during a short stay they find that the friendly environment, dynamic lessons, electives and exciting social programmes help them to make rapid progress in their English learning.
- Other students come to us for longer courses – very often for **two to six months** – to prepare for one of the many exams we offer (see *Exams and Exam Courses page 12*). They soon become part of the CAE community, and form friendships which continue long after they return to their own country.
- There are also students who come to us for long periods – **six months or more**. Such students can follow a course containing special elements designed to be as relevant as possible to their plans for future academic study (see also 'Academic Year Student', page 9).

Class Size

For most of the year the average number of students in your class will be 9 – the maximum is only 12. Furthermore, we make every effort to ensure that there is a good mixture of different mother tongues and cultures in every class.

English Level

This will be assessed as soon as you arrive at the school. We will give you a short test which will tell us both your spoken and written English levels. We will then place you in one of 7 levels from Beginner to Advanced. If for any reason you are unhappy with your class, we will always be available to help. (For more details about your level see page 12.)

Tutorials

If you are studying for a period of more than 2 weeks, one important feature of your course will be the regular 1:1 tutorial with your teacher – an opportunity to review your progress and identify areas for individual study.

CAE has been preparing students for major English language examinations since 1975 – and exam courses remain our core activity. The two most commonly requested exam courses are **IELTS** (required for entry to UK universities) and the **Cambridge exams**.

Exam Preparation

IELTS

This important test of academic English is used by many universities around the world as an entry requirement. To achieve a high IELTS score, candidates need a high level of oral English combined with skills in academic writing and reading. By combining our morning programmes with academic training in the afternoon we are able to offer a preparation programme that can be followed for several months or as little as two weeks, **and at any time in the year**.

Cambridge exams (including summer)

The main requirement for success in the Cambridge exams is an appropriate level of General, or 'everyday', English. Practice in the specific 'exam technique' of the Cambridge exams is also very useful.

The ideal preparation for Cambridge exams is 8-12 weeks, but we realise that in many cases students have less time available for study, especially in summer. We therefore offer:

3 courses leading to Cambridge exams in March, June and December (all are 12 weeks **but available over a shorter period** if necessary).

2 courses leading to exams in July and August (**4-6 weeks**)

In addition to training in General English, students on these courses will have the opportunity to practise examples of the tasks set by the Cambridge exams in our afternoon Cambridge Exam Workshops.

However, **all** Adult General English classes at Cambridge Academy are broadly based on the 'communicative' Cambridge Examinations syllabus – so that even a short stay at Cambridge Academy will provide useful training in the General English that forms the basis of the Cambridge exams. Such shorter courses can be booked **at any time of year**.

Other examinations

Our flexible Electives programme (see page 6) also gives us the opportunity to prepare students for other examinations, such as TOEFL and TOEIC.

NB It is of course important that candidates are realistic about their current English level, and what they can hope to achieve in the time available. (For more details of all the examinations available, please see Examinations and Exam Courses page 12.)

So, here's what your day will be like:-

The example timetable here is for a student who chooses an Examination preparation course *

9:15-10:45 New Language – lessons in grammar and structures, vocabulary extension and pronunciation. The emphasis will be on using imaginative and original exercises to improve your ability to communicate accurately in English. For exam candidates this will provide essential training in **accurate** language both for the oral and written exams.

10:45 – 11:15 Break

11:15 - 12:45 Language Skills – a period to concentrate on one or two of the four skills – Listening, Speaking, Reading and Writing. These periods are designed to make you confident in your ability to understand the English you both read and hear, and also to speak and write **fluently**. This will enable you to be more relaxed about everyday situations and to be more assured when you face the various tasks set in your chosen exam.

12:45 – 13:45 Lunch

13:45 – 15:15 Electives – Electives are special areas of English study that you 'elect', or choose. This is the part of the day that gives you the opportunity to concentrate on the exact techniques you will need for the different parts of your chosen examination. IELTS candidates will most likely wish to follow an Academic English elective, while students training for one of the Cambridge exams will find the Cambridge Examinations Workshop particularly useful. They are run for 90 minutes every afternoon from Monday to Thursday.

15:30 – 17:30 Teacher-assisted study – the school stays open so that you can use the library area and computers for private study ... but a teacher is always available for advice where necessary. This is the perfect opportunity for examination candidates to test themselves with exam questions from previous years – with the advantage that you can get immediate help with any difficulties.

* if your course is not an Examination preparation Course your timings will be the same as above, but your Electives and Teacher- Assisted Study periods can cover topics other than exam preparation.

Electives

The system of afternoon **'Electives'** at Cambridge Academy enables you to adapt your studies as much as possible to your individual academic plan, career or personal interests.

Electives are special areas of English study that you **'elect'**, or choose, for yourself. They are run for 90 minutes every afternoon from Monday to Thursday, every week of your course. Some are offered throughout the year and others change every few weeks.

You can take an elective in a wide variety of subjects. It would be impossible to give a complete list of the electives at CAE - because we are always adding new ones to the list! However, here are some very popular subjects:

Academic English

- **English for Academic Purposes** - For those who need Academic English (especially IELTS or TOEFL) for University or school.
- **Cambridge Exam Workshop** - Get to know the FCE, CAE and CPE exams in detail and work on your problem areas.
- **Writing Practice** - This is the ideal elective for those students who need extra help with basic writing skills.
- **Grammar Workshop** - An opportunity to do some intensive work in areas of English grammar that you find a particular problem.

Speaking and Listening

- **Vocabulary in Situations** - In the marketplace, at the airport, visiting the dentist - you'll need different vocabulary every time. This is a chance to discover new words and phrases for a wide range of interesting situations.
- **Multi-media English** - For those who find listening and speaking particularly difficult. Lots of fun activities as well as serious practice using the audio-visual equipment in our Multimedia Centre.
- **Ideas and Issues** - This is a chance for you to use your English to express your opinions on subjects that are important to you - the more controversial the better!
- **Cartoon Films** - Learn some REAL English from the Simpsons, South Park, etc. Great for listening, good for those who like a challenge.
- **Reading for Pleasure** - Stories, poems, plays, song lyrics - an elective to get you reading and speaking.

Special Interest

- **Cambridge People & Places** - Find out about historic Cambridge city, visit some of the places and meet some of the people from one of the most famous university cities in the world.
- **Communication in Business** - Learn to develop the language you need for the world of business. Practise all your skills in a business context. For TOEIC and BULATS students too.
- **Film Studies** - Watching films and discussing them is great for your listening, speaking and vocabulary.

Here are three different students and the Electives they have chosen ...

- **Tomasz** is 21, and from Gdansk. He is studying Art and Design, but also has a general interest in the culture of the English-speaking world. During his 6-week course at CAE he has chosen to follow the elective 'Reading for Pleasure', which enables him to study in detail the lyrics of some of his favourite songs. After four weeks he will then change to 'Film Studies', which gives him the opportunity to analyse and discuss the dialogue of a variety of famous movies.
- **Luisa** is a 23-year-old journalist from Bologna, and is interested in developing her career in international journalism. In the two weeks she is spending at CAE she is very keen to develop her English interviewing techniques, and has therefore decided to follow an elective in 'Ideas and Issues'. She'll have the chance to ask and answer questions on challenging issues such as climate change, freedom of speech and animal rights.
- **Fawaz**, 20, is from Kuwait and is planning to start an engineering degree at a British university next year. He is at CAE for 12 weeks, and this will give him the time to follow three different electives. For the first four weeks of his course, Fawaz will do Reading and Writing, as he needs extra practice in these skills. Then he will follow Extra Exam Practice, to develop skills he will need for the IELTS exam. His third elective will be Academic English which will help him acquire important skills like essay-writing and note-taking that he will need for university.

Self-study Facilities

- Library
- Interactive Listening Centre
- Computer Centre
- Extensive exam practice materials
- Teacher assistance during self-study periods
- Open on Sundays
- **The Study Centre Officer** – 5 days per week, for 2 hours, one of our teachers is on duty as Study Centre Officer to help you with any technical or language problems you may encounter while using the self-study facilities.

Self-study (working on your own) is a very important part of your programme at CAE. The self-study skills that you acquire at CAE will make it possible for you to continue to develop your English when you return to your home country. During your studies at CAE we will encourage you to make maximum use of our self-access Study Centre, which is fully equipped for language learning. At the beginning of your course, you will be given an introduction to the use of the Study Centre. At other times you can always get professional assistance from the teacher in charge of the Study Centre. All the materials are carefully graded and colour-coded for the various ability levels (Elementary, Lower intermediate, Upper-intermediate and Advanced).

Multi-Media Centre – This includes 12 stations together with a teacher's console. Classes are frequently held in the Multi-media Centre, with the teacher directing the lesson from the control console. At other times students can access a wide range of language learning activities to develop listening and speaking skills (e.g. pronunciation exercises, dictations, 'talking' books and video clips with accompanying work-sheets, and additional exam-practice materials).

Computer Centre – This contains computers equipped with language learning software for developing reading and writing skills.

Library – the library area at CAE is a particular favourite of students. It is large and well-lit with comfortable furniture. It is stocked with fiction ('graded' and 'non-graded'), as well as factual and reference books. There are English and bi-lingual dictionaries for students to refer to. In addition, the library holds a wide range of examination materials and grammar and vocabulary exercises for all levels.

The Common Room – you will be able to use the Common Room for both study and quiet relaxation. British newspapers and magazines are stored here. You can watch films with your friends on our large-screen TV and you are free to use the piano which is kept here.

Language Clubs – CAE also runs a number of language clubs for students after school. These clubs include: speaking practice, help with writing, and pronunciation workshops. All of these clubs are led by a CAE teacher and are offered free of charge.

What is my Level of English?

When you arrive at CAE, we will test your level of English so that we can place you in exactly the right class, but you are probably very interested to know right now approximately what your level is. The table below gives you an idea of how we will decide your level – you may use it to fill in your application form.

NB – we **don't** rely only on your idea of your level of English – we will always test you when you arrive. The test we give you will be of both your spoken and written ability, and you will be assessed by very experienced teachers. They will then watch your progress to see if you should change class at some point later on in your course.

Beginner (1)	The student has little or no knowledge or experience of English	Common European Framework
Elementary (2)	The student knows all basic greetings and can ask and answer simple questions. The student has very basic knowledge of grammar, but cannot yet hold a conversation.	A1
Lower Intermediate (3)	The student can hold a basic conversation (eg describing family), though sometimes only with help. Some knowledge of grammar, including past and future time.	A2
Intermediate (4)	The student can hold a basic conversation without difficulty, but is not yet able to discuss more complex subjects (eg emotions or political opinions, imaginary situations). The student still makes some basic grammatical mistakes	B1
Upper Intermediate (5)	The student can discuss some complex subjects fluently (though others still cause difficulty). Common grammatical constructions cause no problem.	B2
Lower Advanced (6)	The student can now discuss a wide range of subjects, though with occasional mistakes in vocabulary and grammar. The student can write with few grammatical errors.	C1
Advanced (7)	The student can discuss a wide range of complex subjects, and only specialist vocabulary causes problems. The student can read authentic English (newspapers and magazines) without difficulty. Mistakes are now in style rather than structure. Some students can even distinguish between, and reproduce, different styles of speaking and writing.	C2

At CAE we encourage all our students to take exams (though no-one is forced!). We offer a wide variety of options. Below are the options with the level name and number you will need for the course. (For more explanation of levels and level numbers please see above.)

If you cannot decide which exam you should take, or you know nothing about any of the exams, our Examinations Officer is there to advise you personally on each exam, as well as help you with your application. You should also speak to our Examinations Officer if there is any other exam which you would like to take, but which is not mentioned below.

Examinations and Exam Courses

International English Language Testing Service (IELTS)	Level: Any level from Intermediate [4+]	This exam gives you a score which you can then use to apply to university. The exam tests listening, speaking, reading and writing. It is popular with British and Australasian universities, and is growing in popularity with US universities.
Cambridge Preliminary English Test (PET)	Level: Lower Intermediate [3-4]	This exam tests your listening, speaking, reading and writing. Recommended if you are not yet ready for the other exams listed below.
Cambridge First (FCE)	Level: Upper Intermediate [5]	The most popular English language exam in the UK. Tests all four skills - listening, speaking, reading and writing. It is tested over 4 exam papers. NB. Although it is called 'First', FCE is not a low level exam.
Cambridge Advanced (CAE)	Level: Lower Advanced [6+]	The advanced version of the First Certificate (see above). This exam specialises in preparing students in everyday communication at an advanced level.
Cambridge Proficiency (CPE)	Level: Advanced [7]	Tests listening, speaking, reading and writing. An ideal exam for those wishing to go to an English-speaking university - especially for courses in the arts and humanities.
Test of English for International Communication (TOEIC)	Level: Any level from Intermediate [4+]	This exam is very popular with employers in many countries as it tests your ability to read and listen to the kind of English used in the business world. CAE is an accredited TOEIC testing centre, which means that you can arrange to take the test at CAE at very short notice.
Test of English as a Foreign Language (TOEFL)	Level: Any level from Intermediate [4+]	This exam tests your reading, writing, speaking and listening skills and is particularly useful for students wishing to go on to study at an American University.

Accommodation

- School in a quiet residential area
- All homestays close to the school
- Most homestays within walking distance
- Single rooms for adults (16+)
- Full-time Accommodation Officer
- Student residence option

Accommodation at CAE is normally with local homestays. All CAE hosts are close by – either within walking distance or less than a 5-minute bus ride from the school. This is unusual for language schools in Cambridge. If you prefer not to walk we can help you rent a bicycle very cheaply.

Our Accommodation Officer knows all our hosts, and they will be carefully selected to suit your individual needs (for example – you might be allergic to certain kinds of food). We will send you a profile of the homestay we have chosen for you about two weeks before you come.

Your hosts will provide you with bed, breakfast and evening meal seven days a week (you can take lunch at the school cafeteria). Your host will provide you with towels and bedding, and will offer you a weekly laundry service. You will be able to have a bath or shower every day.

Adults (16 yrs+) normally have their own room. Some homestays accommodate several students at the same time, but never two who speak the same mother tongue.

Accommodation is arranged from the Sunday afternoon before the course to the Saturday morning after the end of the course. Additional nights can be booked (subject to availability).

Residential accommodation for students aged 18+ is also available in the summer. Contact our Accommodation Officer for further details.

What happens before I arrive?

- Clear instructions will be sent to you before departure
- Airport pick-up service is available

From the Airport to Your Homestay

There is an excellent coach transfer service to Cambridge city centre from each of the four London airports. You will then find taxis waiting at Cambridge bus station which you can hire to reach your homestay. However, if you prefer, we can order a taxi straight from the airport to your homestay. Prices for this are listed in the attached sheet 'How do I enrol?'

Your First Day at CAE

You will need to arrive at CAE by 09:00 on your first day (your host will tell you how to get to CAE from their house). Here you will be met by our Academic Director. You will be given a level test, followed by a guided tour of the school to show you where all the facilities are which you will need. You will also be introduced to everybody whom you need to know. Finally, you will be taken to your class and your course will begin.

The CAE Cafeteria

Students do not need to leave the school building to buy lunch. Situated in the school itself, the CAE cafeteria provides students with a choice of food dishes (including vegetarian dishes) for lunch, as well as a variety of snacks and drinks. It is also used for refreshments at break-times.

Your Free Time at CAE – England is our Classroom

The motto at CAE is **England is our Classroom**. In other words your English-learning should not just be during classes – it should go on everywhere, and all the time!

A Typical Week of Fun!

Let's imagine you're planning your free time for this week. On **Monday** you might want to try a Cambridge disco that's very popular with international students. On **Tuesday** there are going to be some good films shown on the large TV screen. On **Wednesday** you can go with your friends on a trip to Cambridge city centre. On **Thursday**, the Brazilian students at CAE are giving a party for the rest of the school – with Brazilian music and dancing (you could even learn to dance the Samba!) There are several excursions available on **Saturday**: to London, to Oxford and to Paris. If you can't decide which one to take, talk to your Social Organisers. On **Sunday**, if you're not still on an excursion, you might want a rest! You can always walk over to the school after lunch and watch DVDs or do some sport with your friends. **Friday** is your chance to experience some Cambridge culture: a concert or even a summer Shakespeare play in one of the university gardens. And remember - there will be different entertainment and excursions next week!

Excursions

Many students come to Britain hoping to see such places as London, Stonehenge, or the Scottish Highlands. We can suggest several different trips for you each weekend. Some are quite close to Cambridge. Our students can also go on excursions to Ireland, Wales, Scotland – even to European cities. All are economical with weekend trips ranging from £40 - £100 - and much more fun than just travelling on your own!

CAE Social Organisers - a great team!

Our Social Organisers are responsible for organising all aspects of social life within the school. Not only do they arrange parties, dances and excursions, they are also available to help you if you want to plan your own free-time programme. Their office is near the cafeteria, and they love to have visitors.

Sport at CAE

You can play volleyball, tennis and football at no extra cost. Golf and swimming are all available near the school as an extra. If you have other sporting interests our Social Organisers are there to help you find the nearest clubs and facilities to the school.

Exploring Cambridge! – With so many students to entertain, there is a never-ending list of social events: the world-famous Cambridge Folk Festival, the Cambridge Film Festival, the Summer in the City Season, The Strawberry Fair, The Buskers and Street Musicians Festival, the Pop in the Park, the Shakespeare Folk Festival and more...

... and there is a wealth of pubs, restaurants, theatres and cinemas. And the famous Backs – ideal for a romantic trip past the beautiful and historic colleges in a punt.

...and just outside Cambridge:

The Imperial War Museum at Duxford, the home of British horse-racing at Newmarket, the perfectly preserved medieval town of Saffron Walden, the unspoilt countryside of Suffolk, the magnificent cathedral at Ely known as the 'Ship of the Fens', and many classic English villages and small towns.

...not forgetting London's famous West End, just 60 minutes from Cambridge by train.
